Pride of the Playground

Today, one pupil from each year group (year 1 to 6) were presented with an award for their kindness and helpfulness while on the playground. It was lovely to see the children applaud and recognise these qualities in each other. Pupils were nominated by peers or by staff. Congratulations to all of the winners who help to make the playground a happier place to be.

Royal British Legion

Thank you to the School Council for organising the fundraiser for RBL. Mandi (Poppy Appeal Manager for Suffolk) came to lead an assembly in September and the children wanted to support this charity. Money boxes will be coming home today and in return for some jobs around the house, we are hoping we can raise some funds. Money boxes need to be back in school by Wednesday 11th November.

Parent Survey

Thank you for completing the parent survey this term and for the overwhelming positivity you have shared.

We do listen to all feedback and some points raised for improvement will be discussed with staff to implement.

One question regarding the universal provision I would like to address now. 72% of parents were unaware of what universal provision looks like at Rendlesham. Universal provision can be found on our website under the 'Pupils and their Learning' tab. Universal provision is the support that is available to all children as part of everyday school life. This includes things such as clear routines and expectations, visual supports, accessible classroom environments, opportunities to regulate and movement breaks, and different ways for children to engage with and demonstrate their learning. These approaches are part of good inclusive practice and benefit many children, whether or not they have identified additional needs. Please log onto our website to find out more www.rendlesham.suffolk.sch.uk

I will share the full survey results separately.
